

## **Chancellor's Sustainability Committee Policy on Committee Membership**

### **Membership**

Membership on the Chancellor's Sustainability Committee requires written recommendation from the Chancellor's Office to the Co-chairs of the committee.

### **Terms**

Faculty, staff, and graduate student membership terms are three (3) years. At the conclusion of the three year term, the member may ask to be re-appointed for another term.

Undergraduate student terms are one (1) year in length. At the conclusion of the one year term, the undergraduate member may ask to be reappointed for another term as long as s/he plans to remain a full-time student throughout the term.

If a member is not able to complete their entire term, they must notify the committee co-chairs with ample warning so a replacement can be identified.

### **Nominations**

As membership on the committee becomes available, there will be a call for nominations. Any interested persons may self-nominate or have others nominate them. The potential member's name and a brief paragraph explaining why they are interested in serving on the committee should be sent to the committee co-chairs by the indicated deadline. The co-chairs will then send the recommended nominee(s) to the Chancellor's Office for a final recommendation. The persons selected to the committee will be notified by letter (via email) from the Chancellor's Office.
